WHEN SOME 300 MEN PARTICIPATE IN the Fathers' March on Polio next Tuesday night, they'll call at Orinda homes where porchlights are lit between 7 and 8 o'clock, to collect contributions to the March of Dimes. The men's lapel tabs will say, "Just for tonight I am a mother." Getting into the spirit of the event is this group, which includes youngsters giving moral support. Left to right are: Back row—Thomas Ferguson of Sleepy Hollow,

Lynn Hill of Boy Scout Troop 207, Ed Ready of Moraga Del Rey, lighting the lamp; Jim Davison of Hacienda Homes and Paul Pollaczek of the Glorietta Improvement Association; front row—Marshall Snover, Sharon Powell of Brownie Troop 124, Mike Smith of Cub Pack 52, Nancy Snover, and Ernest Rahmeyer Jr. of Pack 52, Ernest Rahmeyer Sr. is chairman of the Fathers' March on Polio.

## Dads Here to Be 'Moms' Tuesday Night As They Call on Homes for Polio Funds

Orinda fathers, with a gleam in their eyes, prepared this week to be "mothers" next Tuesday night.

Meeting at Orinda School Wednesday night, dads mapped plans for the Fathers' March on Polio, and gleefully accepted their lapel tabs which state, "Just for tonight I am a mother."

According to Ernest Rahmeyer, chairman of the Fathers' March on Polio, some 300 dads throughout Orinda will cheerfully trudge up hills and down dales to homes where porchlights are turned on between 7 and 8 p. m. Tuesday. In a whirlwind climax to the March of Dimes, they will collect contributions to the fund against infantile paralysis.

They ask that you turn your porchlight on — or, if you haven't a porchlight, leave a lamp on the walk, or place one at a window. That'll be your signal that you know the score and are willing to give to this fight. Any amounts, large or small, will be gladly received.

Joseph L. Sheaff, Orinda March of Dimes chairman, points out that the community-wide Fathers' March is an outgrowth of the highly successful first one last year in Moraga Del Rey. The 1952 experiment was a spontaneous affair. Because of its hills, Orinda doesn't have Mothers' Marches on Polio — but the night such marches were held elsewhere, Ed Ready of the Moraga Del Rey Community Association phoned Rahmeyer a few minutes before 7 and said, "Let's get out and do something in this polio drive."

A few more phone calls, and seven men toured Moraga Del Rey — and in an hour had collected over \$100.

"That was the first time a Fathers' March on Polio had been staged in California — and maybe the first time in the United States," Sheaff comments.

The idea caught on, and this year — take it from Rahmeyer — it's "big business."

At Wednesday night's meeting, the fathers "lit up the map of Orinda" by circling each area of the community where teams will work, and by writing in each circle the names of the leaders. It is planned to place the map on display in the window of Fred Wood's office today — and each night until Tuesday it will be illuminated by floodlight.

"In at least 30 areas in Orinda, groups of Dads, working under captains, will function," Rahmeyer explained. "Promptly at 7 the fire department will announce the start of the march with a long blast of the sirens. And for a minute or so, all the participating dads will blow their auto horns."

"After their rounds, the men will report to their captains' homes, and then the captains will report to Orinda School. We hope to complete the tallying by 10 p. m."

Necessary protection will be on hand from the sheriff's office, according to Lester E. Butler, Contra Costa County March of Dimes campaign director.

Well — if you see placards around town proclaiming "Porch Life and Fight Polio" and if you see auto bumper strips stating "Make Orinda Bright Tuesday Night, February 3, 7 to 8," you'll know what it's all about. So when you hear the sirens sound and the auto horns toot at 7 Tuesday night, turn your porchlight on — and give generously to the dad who just for that evening will be a "mother!"

## Three-Car Tangle At Boulevard Way

Lloyd L. Hecathorn, 32, of 215 La Espiral, Orinda, was one of three drivers in a three-car collision at the intersection of Mt. Diablo Boulevard and Boulevard Way last Saturday morning. It was reported by the California Highway Patrol.

Hecathorn was reported as driving his west on Mt. Diablo Boulevard. The other drivers were listed as Clifford L. Huckabee, 32, of Brentwood, driving east, and James R. White, 55, of Grenora, N. D., driving north on Boulevard Way.

There were no injuries, according to the patrol.

## Most of Citizen Advisers to Tour Sanitary District

All but four of the Citizens' Advisory Committee to the Central Contra Costa Sanitary District will tour the facilities of the far-flung system tomorrow.

District Engineer Gerry Horst, kottle Jr., will conduct the men led by Chairman Ford Tussing of Lafayette, through the treatment plants, pumping stations, and to the sites of the main trunks, and laterals in an all-day tour which will start about 8:30 a. m.

Out of town and unable to accompany their colleagues will be Dan Sheldon, Valentine Brookes, Ben Mallory and Francis Steekmet. This said no formal meeting of the group will be held until the four come returns.

He said however, some of the citizens advisers were present at last night's meeting of the district board of directors. The board last week had extended an invitation for the Saturday inspection.

## Permit OK'd for Lutheran Church

Plans for a Lutheran Church in Orinda progressed a step this week, when a land use permit for a temporary church was approved by the Planning Commission Tuesday night.

The application was brought before the commission by Burt Buzzini, attorney for the church group, and met with no opposition. It will go before the Board of Supervisors next Tuesday.

The proposed church will be located on lots 6, 7, 8 and 9 of C. A. Hards property, located on the north side of Moraga Highway, approximately 350 feet southwest of Orchard Road.

## \$16,847 Award in Patio Case

Superior Judge Harold Jacoby awarded a \$16,847.80 judgment last week to J. W. Moylan, 22 El Gavilan, because of a sliding patio.

Moylan's suit against Frank L. Zorzie, contractor, of 154 Orinda Highway, charged that the property next to his present home was misrepresented, and that the patio collapsed down a sheer hill.

The property was worth, he said, not more than \$7,500 — he claims to have paid \$20,000. According to Moylan, he was forced to move the house to the adjoining lot. He asked a total of \$50,000 damages.

The suit went to trial last March, requiring 23 trial days, a record for that type of case. It was summed up May 5, and submitted to the court for decision.

## JUST FOR TONIGHT I AM A MOTHER

## Rotarians Will Take Reno Trip

Earl Cappell, a member of the Orinda Rotary Club, spoke before that group at their weekly meeting held Wednesday noon at the Willows.

Cappell, a member of the firm of Cappell, McDonald and Company, described his business to the Rotarians.

His firm provides incentive programs for large organizations which promote better sales and service. Cappell described generally how they set up competitive contests among employees which benefit both the employee and the organization.

Russell Simpson, Chairman of Irrigation at the University of California, is scheduled to speak before the group next week. "The Central Valley Water Project" is the title of his speech.

Approximately 12 members of the Orinda group are planning to participate in the Reno trip which will take place this week end.

Members of local Rotary Clubs in Walnut Creek, Lafayette, Berkeley, and the Bay Area are planning to get together and fly to Reno Sunday, and return Monday night. While in Reno, they will be guests of the Reno Rotary, which is planning a big dinner and celebration in their honor.

## Shell Burglars Sentence Feb. 9

Scheduled to appear for sentencing February 9 before Superior Judge Norman A. Gregg in Martinez, for burglary of the Shell Service Station at Orinda Crossroads December 9, are two young Oakland men.

They are Alvin James Sedgley, 22, and Jack Richard Taylor, 19. Appearing before Judge Gregg Tuesday, they withdrew their not-guilty plea and admitted the charge. They requested probation.

The two were arrested by Deputy Sheriffs Lee Gallamore and Louis Skuce two days after the theft of \$60 worth of merchandise from the service station, which is operated by Don Tomb.

## White Still Does Not Get Children

C. Wadsworth White still does not have custody of his two children, Cynthia, 9, and Lee, 6.

White failed to regain physical custody of the children when Superior Judge Norman A. Gregg refused to cite Keith Reese of Orinda for failing to bring the children into court.

The judge maintained that there was no showing that Reese, stepfather of the children, could produce them.

## Have You Seen Auntie Freeze?

Have you noticed how the grass crackles when you walk on it in the morning? Have you wiped off your glasses, and looked at the white stuff on the lawn? FROST, by golly!

The weather, which everyone talks about, and no one does anything about, was crisp, clear and a little chilly this week. High temperature from last Thursday until yesterday morning was a bracing 63 degrees on Wednesday. Low was a frosty 29 on Tuesday. Best of all, there was no rain.

## Association to Install Feb. 10; Vote Nears End

Six new directors of the Orinda Association will be installed Tuesday evening, February 10, at the Orinda School. The occasion will be a special meeting of the present board and the new directors who will be chosen in the election now nearing its close.

This was decided Monday night by the board at its regular January meeting in the Orinda School Library. President Stanley Allen reported that up to that day some 650 ballots, accompanied by 1953 dues, had come in.

Deadline for receipt of ballots by the association is tomorrow — a one-week extension from the deadline set earlier. The February 10 installation meeting will start at 7:30.

## Association Joins Taxpayers' Group

The Orinda Association board unanimously voted Monday night for the organization to join the Contra Costa County Taxpayers Association.

Motion that \$25 dues be paid to the Taxpayers Association for 1953 was made by Peter Veitch and was seconded by Vice-President Kendrick Morrish.

The action followed reading of a letter of solicitation from Executive Director Harry L. Morrison of the taxpayer group.

Another letter from Morrison stated that Bruce Howard and Frank Cayting, recommended by the Orinda Association board, were being considered for the Taxpayers Association board.

The recommendations had been made at the request of the taxpayer group for suggestion of names of Orinda area representatives to be placed on the Taxpayers Association board.

THE DIRECTORS approved the monthly financial statement of Treasurer Martha J. Chandler.

The statement showed net current assets as of Monday, of \$1,008.13. These included \$536 received for 1953 memberships.

President Stanley Allen reported that Mrs. Chandler had told him that morning that there was about another \$100 in membership dues to be deposited.

## Immunization Clinic Dates Set by County

The Contra Costa County Health Department Immunization Clinic will come to the Orinda School every third Saturday of the month. It was announced this week by Dr. H. L. Blum, County Health Officer.

The hours will be 9-12 a. m. Children will be given immunization for diphtheria, whooping cough and tetanus. Vaccinations for smallpox are also provided.

The health department clinic provides service to families who would find it financially difficult to consult their own physician.

## Heart Fund Drive Will Begin Monday; Col. F. Clune Heads County Campaign

"New hope for Hearts." That's the slogan for 1953's Heart Fund Campaign which will get underway Monday and continue until the end of February.

HEADING the drive in Contra Costa County will be Colonel Francis J. Clune, who was retired last August from 35 years of active duty in the Army and now lives with his wife at 1780 Magnolia Way in Walnut Creek.

The Walnut Creek fund drive is headed by Dr. George R. Hurd. Other members of the local committee include Dr. Harold S. Robinson, president of the County Heart Association; Dr. Mary Louise Elliott; Mrs. Howard Flanders, William C. McIntosh and Marshall Taylor.

## Drinking Bouts by Teenagers Concern Residents, Police

Drinking parties by youngsters in the county, including students from Acalanes High School and University of California, have become a matter of serious concern to law enforcement officers and residents.

Eighteen boys and girls, their ages ranging from 14 to 20, were rounded up by sheriff's deputies summoned to a home in Lafayette last Friday night by irate neighbors. Those questioned included youths from Walnut Creek, Berkeley, Oakland, Orinda and Lafayette.

OFFICERS confiscated an unopened bottle of vodka and a bottle of whiskey found under a sofa. Other, partially consumed, bottles were found, in addition to beer. One of the youths was so intoxicated, officers said, that he "passed out" and was taken home.

The boy at whose home the party took place said his aunt had given permission to give the party at which about only a half dozen guests were invited. He said another group crashed the party bringing their own liquor, and there was little he could do about it until the neighbors complained. He said the disturbance resulted from the discussion which arose when the strangers broke in.

SHERIFF'S Inspector Norman Wilson said a similar party held a week earlier, in which 10 boys and girls were questioned, also was reported to the sheriff's office by disturbed neighbors. Wilson said "this kind of thing goes on all the time" but only occasionally are complaints received. He said the State Board of Equalization is being given information concerning Friday night's affair, as the seller of the liquor is known.

## Rotary Has \$200 For Two Scouts' Jamboree Trip

The members of Boy Scout Troop 206 are going to be working unusually hard until July. The Orinda Rotary Club, sponsor of the troop, is contributing \$200 to provide a one-week trip for two of the boys to the National Jamboree to be held in Santa Ana this coming July.

The two scouts who accomplish the most in the way of earning merit badges and other scouting achievements between now and that time will receive the free trip.

PROOF OF THE EFFORT was shown at the joint Court of Honor, held by Troops 200 and 207 and Explorer Post 300 at Orinda Community Church Wednesday evening.

Further proof will be available when the public merit badge exposition is presented February 7 at Acalanes High School auditorium.

TROOP 200 WILL present a display on communications and signaling, including a teletype machine which will be receiving press news.

## Influenza Virus Raises School Absence 40 Pct.

Influenza has made its mark on the Orinda Schools, it was learned today.

"Absence in the three Orinda schools is about 40 per cent over what it was on the 15th of January," stated Joseph L. Sheaff, Superintendent of Schools. "Most of it is cold or flu," he continued.

"As an example of what the virus has done to attendance," he pointed out, "I can give you the figures for the Sleepy Hollow School."

"The highest percentage of absence occurred there," he noted, "with 50 children absent from a total of 285 pupils. That is almost 20 per cent," he commented, "while the average attendance is off only 14 percent."

"Teachers have been infected too," Sheaff added, "although only sporadically. One teacher was hospitalized for a short time."

## Dogs Rounded Up On Cattle Range

The Moraga Fire Department received a call recently from Charles Dickinson, who resides near Moraga, that dogs were harassing cattle in a nearby pasture and that one cow was down and apparently being attacked by two dogs. Firemen Art Pleist and Wallace Groshong, E. B. M. U. D. employee, armed with rifles, sped to the E. B. M. U. D.'s Valle Vista district, which is leased as a cattle range by the Sanders Brothers of Moraga.

The men found no injured cattle, but the dogs were still running the herd. It was not necessary to use the guns, as the dogs, when called, came direct to the men. One, a Harlequin Great Dane, wore an Oakland license tag; the other, a shepherd, was collarless. The dogs were taken to the fire house, and the county poundmaster was summoned.

In the meantime, Frank Dutra and two other Orinda cattlemen heard of the attack and came to the fire house. They identified the shepherd as the dog responsible for killing six cattle in the Orinda area. (The dogs run the cattle until a cow drops from exhaustion, then kill the downed animal by tearing at its tongue and head.) The Great Dane was not identified with any of the previous killings.

The dogs were transported, via the canine patrol wagon, to Martinez, where, if the Oakland owner had not called for his dog by the following Saturday, the Great Dane was to suffer the same penalty as that of the shepherd: death.

California State income tax forms may be secured at the American Trust Company or the Post Office, it was announced today by Robert C. Kirkwood, chairman of the Franchise Tax Board.

Single persons whose income is \$2,000 or more and married couples with a combined income of \$3,500 or more must file a 1952 income tax return on or before April 15.

## Arguments Go On About Lot Size, Master Planning

Controversy over lot size proposals and master planning continued yesterday afternoon as representatives of the Cardinet and Bailey committees argued before the Board of Supervisors in Martinez.

Chairman George H. Cardinet of the county-appointed citizens' committee had requested the opportunity to discuss further his group's report, turned in to the supervisors two weeks ago. Chairman William A. Bailey Jr. of the Independent Citizens Committee on Planning had asked for the chance to reply to Cardinet.

MEMBERS OF THE County Planning Commission were invited to yesterday afternoon's session. The Planning Commission is studying both the Cardinet and Bailey reports and will make a report of its own, after which the supervisors will hold a public hearing on the planners' recommendations.

The Bailey committee report was submitted to the supervisors last week.

Members of the Cardinet and Bailey committees, county planning commissioners and their staff, and representatives of the County Grand Jury and the Contra Costa Development Association conferred with Charles Hayes Diggs of Santa Ana, planning consultant, the latter part of last week.

DIGGS, PLANNING director of Orange County for the past eight years, has been retained by Contra Costa County for the purpose of helping the Planning Commission prepare its master plan report.

He declared that "the debating period is over and work is now in order" and added: "If this debate over lot sizes is continued, neither side will win."

PRaising THE ACTIVITY of both the Cardinet and Bailey groups, Diggs suggested that increased facilities and personnel be provided for the Planning Commission's technical staff. He said he felt a standard of adequate frontage and depth should be the measuring stick for lot sizes, rather than quarter-acre or half-acre limitations. "These residential sites should be described by width and depth measurement," he said.

The important thing, he emphasized, is to get started with development of the master plan.

Diggs has had 40 years' experience as a planning consultant. He formerly served as planning director for Los Angeles County and as chief planning consultant for the Federal Housing Administration in Washington, D.C.

## Orinda Assoc. Votes Not to Oppose PG&E Rights of Way

The Orinda Association Board of Directors voted Monday night to go on record "as not opposing the plans" of the Pacific Gas and Electric Company to complete its present right-of-way program.

The unanimous vote of the five directors present in the Orinda School library was cast despite a recommendation by the Civic Affairs Committee for opposition to additional-width right-of-way for PG&E installation of a 220,000-volt tower line through Orinda County Club property.

Taking the latest action in the controversy were President Stanley Allen, Vice-President Kendrick Morrish, Secretary Charles Blue, Peter Veitch and Everett Howe. The motion was made by Morrish and was seconded by Howe.

Secretary Blue was instructed to write to the Civic Affairs Committee and Henley V. Worthington, Berkeley district manager for P G & E, about the board action. It was agreed that a board member, probably Howe, would appear before the PG&E board to explain the board's stand.

IN DISCUSSION preceding the vote, Allen and Morrish commented that PG&E had all necessary right of way except two Country Club pieces and two other small parcels. Allen said he was "fairly well satisfied" with a letter of last November from PG&E Division Manager W. H. Park that PG&E "does not intend to build any tower lines through the Orinda Valley area other than the proposed 220,000-volt line discussed recently before your Civic Affairs Committee."

Regarding PG&E officials' agreement to check on feasibility of a possible alternate route to the west of Orinda Valley and north of the Crossroads, Allen said he had been informed that half of the right of way over those hills was 80 feet and half of it 100 feet — neither wide enough for the 132½-foot right of way needed by PG&E.

A 110,000-volt line is now over a 100-foot right of way in the general Country Club area. The company is seeking an additional 32½ feet.

"THE CIVIC AFFAIRS resolution won't prevent a second tower line," Howe said. "But if we could force PG&E to install another 110,000-volt line over the present right of way, they'd probably be back here later with a proposal for another line and right of way."

Allen observed that the board felt that if it opposed present PG&E plans, it would be acting "in an unreasonable manner."

## Swedberg Given Verdict in Suit

After two and a half hours of deliberation, a superior court jury brought in a verdict in favor of Walter Swedberg, 211 Canyon Road, defendant in a suit filed by Pacific Gas & Electric Company.

Swedberg was sued by PG&E for \$927.44, the cost of moving a power pole to a new location. The suit charged that Swedberg made a deep cut while building a road to his hilltop home, and that this caused the earth to fall away during winter rains, necessitating the removal of the pole to a new spot.

Swedberg filed a cross complaint, charging that PG&E's utility company with damage to his road, caused by their heavy equipment used there without his permission.

The cross complaint was dismissed by the jury of nine women and three men, and the verdict denying the power company damages was brought in.

ABSURD? NO, BUT ABSURDIA!—The wheels are really rolling for "Absurdia in Suburbia IV," Orinda Mothers Club production in which Orindans, whether or not they have youngsters at school, are invited to participate. The fourth annual presentation of the hilarious extravaganza is scheduled for April 30 and May 1 and 2 at Acalanes High School auditorium. Tryouts and rehearsals are already under way, and over 200 turned out at last week's kickoff party at Orinda School, where these pictures were taken. Photo at left shows a musical group exercising its vocal chords. In front are Elaine Ohleyer and Fred Udall. In back row, left to right, are Bill Hennings, Wes Smith, Harold Ohleyer, Bill Brock and Bill Gilmore. The huddle in the picture at right proves five heads are better than one—at least when it comes to planning an "Absurdia" production. Left to right are Fred Udall, Winifred Gilmore, Harold Ohleyer, Marsha Hennings and Arlene Coburn. Mrs. Gilmore and Mrs. Coburn are co-chairmen of "Absurdia IV."

## Girl Scouts Tour Newspaper Plant

During the Christmas holiday members of Girl Scout Troops 74, 106 and 46 who are working on their Scribble badge toured the Oakland Tribune.

The girls visited all of the departments which are directly responsible for the paper's publication. In the Photo-Engraving Department methods for reproducing pictures or drawings were illustrated.

Teletype machines working automatically, receiving national and world wide news from various news centers in the U.S. were shown. The library and reference room consisted of clippings and photographs that date back to 1874.

In the majority of key cities in the U.S. there are both sending and receiving wirephoto machines. It takes only eight minutes to transmit a picture across the continent.

In the composing room the news is set for type by the operators of the linotype machines. After a complete page is formed a paper mat in a metal plate is made in the tereotype room. It is from this tereotype plate the newspaper is printed in the press room.

The Scouts who attended the interesting one hour tour were Linda Benson, Karen Busch, Ann Kitzmiller, Donna Lane, Patsy Quinn, Susan Ray and Karen Smith.

Superior Judge Norman A. Gregg awarded an interlocutory decree of divorce recently to Dorothy Jacqueline Weyland, wife of M. Pierce Milton.

The decree was awarded on grounds of cruelty on routine testimony.

The court approved a property settlement whereby Milton released \$50,000 in cash, the home at 245 La Espiral and a late model automobile to his wife. In addition, he agreed to maintain two insurance policies totaling \$15,000 payable to his wife, and to assume her \$15,000 attorney's fees.

## New WC Numbers Of Phones Sunday

New telephone numbers with the prefixes Yellowstone 4 and Yellowstone 5 become effective for all Walnut Creek telephones this Sunday.

G. A. Bauslaugh, Pacific Telephone manager, reminded subscribers having occasion to call Walnut Creek to give the new number to the operator when placing calls, starting that day. Use of the old number will result in delays in completing calls, he added.

The new numbers are included in a special telephone directory distributed during the past week to all subscribers here. Because of the large number of additions and recently changed numbers in Concord, listings for that exchange are also included in the new book.

## Ingram Receives Nod of Planners On 8-ft. Setback

Having obtained the approval of his tract committee, W. A. Ingram received favorable recommendation from the County Planning Commission Tuesday night on his request for an eight-foot setback and an eight-foot side yard for his lot on La Cintilla.

The recommendation is due to come before the Board of Supervisors next Tuesday.

**PLANNERS' ACTION** was delayed last week when Commissioner Joseph D. DeCosta raised the question of tract committee approval. The pear-shaped Lot 403 is at the end of a cul-de-sac in Haciendas Del Orinda Unit 4, an R-A zone. It fronts approximately 50 feet on the southeast of La Cintilla.

**IN OTHER ACTIONS**, the planners gave the nod to:

# PATTER ON THE PARTY LINE

By PATRICIA JELTON

Here we sit, up to our doze in travel folders, casing the comments on the winter spas which qualify sufficiently as health resorts and yet—well, you know.

Sure, we know it's nice and dry in Phoenix, but it's lots of fun in Florida, and Jamaica is out of this world. And think of the whirl that Delaplane's having in Mexico!

Here's a word from the Party Line clearing house from a few peripatetic pals as they arrive and depart.

**ROLL AND TOMMY DOUGLASS** would stay no other place than the Royal Palms just outside Phoenix. Rode every morning, played golf every afternoon, and the food—simply divine!

Janice and Ed Pike wouldn't think of going any other place than Guaymas, where they will spend two relaxing weeks. Janice so anxious to get there she's even consented to fly—which is not exactly one of her favorite pastimes.

**Fred and Alla Seuberg** found you had to go no farther than the new Statler Hotel in Los Angeles, though they must have got a little off course on the way home, as they came by way of Las Vegas.

Florence and Tommy Ray think it's nice at Thunderbird in Palm Springs, particularly Tommy, who played in the tournament.

Dorothy and Allan James left Monday for Warm Sands in Palm Springs, to stay until they turn on the furnace in Valley.

Shirley and Paul Marchant have been recuperating from the holidays at the Halaikulani Hotel in Honolulu, interspersed with side trips to the other islands. If they could get permission from their kids, they would likewise wait for a seasonal change at home.

**Dr. A. E. Bennett** entertained a large group of friends on Sunday to introduce his mother, who is going to make her home at the Bennett manège, and to say goodbye to said friends for awhile as he makes a trip to the Islands to give lectures and visit with his son, who is stationed there.

Mildred and Rolland Brown really made a monkey out of your cosy correspondent, taking in Cuba and Mexico instead of the extended tour of the West Coast of South America where we dogmatically directed them couple of columns ago. Said they got so lonesome for Happy Valley they cut the trip short. And what happens? Mildred comes down with the flu.

Well, Jay and Walter Boyesen say, "Give us the Caribbean," for which they take off on the 12th, as do Carroll and John O'Shea, who ditted last Friday after sundown by Kay and Ted Beckett. They're going to attempt to stop the boat at Tower Isle in Jamaica to visit Helen and Fred Federighi, who are ensconced there. Hope Helen holds the camera right side up this time.

Remember that race horse that John O'Shea acquired who acquitted himself so well? Sad news, John lost him in a claims race and danged if the dang bang tail isn't still copping first and seconds.

**NOW YOU TAKE ELLIE SHARP.** She says to heck with the hot spots, and she's off to Europe to ski in the best of the ski spots. Brrr!

Ditto for Alla and Dune Knudsen, who are off with the boys for a stay with old pal Hank and Allie Hamilton, genial hosts at Longham.

Daisey and Millie Selby still have the energy, after tossing a lovely holiday party in honor of their son's engagement, to take off for Washington and the inauguration.

And Viola Birmingham thinks that this is the one time of the year that she doesn't mind taking off to check in at Merritt Hospital for long overdue operations on the footies.

**Rae and Paul Ayer** expected back next week from the Orient, at which time Alice and Bob Bridges take off backwards for London. THAT is, first stop Honolulu, then a week in Tokyo, same in Hong Kong and Bangkok, then India, Cairo, Constantinople, Istanbul, Aden, where Bob has business, Athens, where this time they're going to bust their buttons to get to the Acropolis, a sojourn on the Riviera, and—voilà!—London, where Bob also has business, then home.

Golly, that means around the world!

Course, they haven't left yet, and if all this entertaining for them doesn't stop, we doubt if they will. Alice is a busy gal today with her annual mother and daughter Valentine ballet recital and tea, of necessity premature.

**BETTY HURLEY and BENNY WORSWICK**, of Shoo-Time fame, are putting Lafayette on the map nationally. Pals since Orinda nursery school days, after reading in the Patter of Benny's latest exploits, Betty decided that Benny rated the interesting People section of American magazine. So they did, apparently, as immediately photographers were sent, and Betty lay now in receipt of check. Watch the coming issues.

Lafayette will miss Helen and Bob Bishop who with their gift shop were such a help over the holidays and on special occasions. The thing just got too big for them so they're off to Menlo Park, where they'll go back to their original idea of a smaller shop with more individual selection.

**SPEAKING OF SPECIAL OCCASIONS**, Mrs. Robert Keyston entertained on Tuesday with a tea and bridal shower for Sue Ley who will become the bride of Dr. Ted Lyon on February 13 in Berkeley at a small family wedding. Sue and Ted will make their home in Scotia near Eureka, where Ted has taken over the hospital. Oh, rain, rain, go away!

It was nice talking to you all. We'll drop you a line from wherever we are.

## Community Church Services Listed

The closing discussion of Trueblood's "Your Other Vocation" led by Mrs. W. M. Babcock, and a sermon by Rev. Fred Morrow on "Worship and Christian Behavior" are announced for the 9:30 and 11 o'clock services respectively at the Orinda Community Church this Sunday. Sessions of the Sunday School under the direction of E. D. Howe will be held at both hours.

Organists for the services are Daniel Popovich and Dorothy Turk. At 11 o'clock Mr. Popovich will play the following numbers: "Andante" by Schumann; "Largo" by Tartini; and "Fantasia in C minor" by Bach. A Bach chorale, "Jesu, Guard and Guide Thy Members," will be sung by the chapel choir under direction of Margaret Popovich.

A pastors' preparatory class began last week for members of the eighth grade group, and will continue until Palm Sunday. The class will use an especially prepared textbook and will participate in field trips to Temple Sinai in Oakland, Grace Cathedral in San Francisco, and the Palestine Institute in Berkeley.

More than eighty Bibles and Testaments were presented last week to fourth grade pupils of the Sunday school by superintendent Howe. Most of the volumes were of the new Revised Standard Version.

Following the later service on January 25 the Sacrament of Christian Baptism was given to Deborah Eleonore, three months old daughter of Milo and Shirley Neldam. At both hours members of the Pilgrim Fellowship, high school age youth group of the church, participated in conduct of the worship. Those assisting are: Ann Clayton, Mike Small, Joyce Hudd, Carl Drews, Robert Eberhart, Susan Morse and Holly Stern.

A newly formed youth choir sang under the leadership of Lucille Fahay. Youth Assistant C. Ray Fowler directs the program for young people which includes the Sunday evening Fellowship, the high school classes at 9:30, and the community youth "Hacienda" on Friday nights.

## Camera Club Has Meet, Contest

The Contra Costa Camera Club met January 19 at the Orinda Community Church, with President C. P. McVicker presiding. A print and slide competition was held. Judging was done by Les Mecum of the Oakland Forum. Thirty-eight members attended, two of them new.

In the amateur print division, Don Hanson won all four places. In the advanced class, first and second place were awarded Jim Hokensen third place to Guy Spencer, fourth place to Jim Hokensen, and fifth place to C. P. McVicker. In the salon division, Ben Randall was awarded first place.

In the color slide division of A group, first place went to Ed Nelson; second, third and fourth place to Ben Randall, and fifth place to Ed Nelson. In the B group Jack Davis placed first, Jim Hokensen second, Mrs. Hubbell, third and fourth, and Mr. Smith fifth.

Coffee and doughnuts were served at the end of the meeting. Ten members attended the Council meeting at the Red Chimney at Stonestown, San Francisco. The group came proudly home with two cups, winning first in salon and first in advanced groups in 1952. About 100 photo fans were present at this inter-club competition of Northern California.

## Freemans Move Into New Home, Take Trip East

Mr. and Mrs. William B. Freeman have moved into half of their new home! Only one wing of the modern redwood home at 3905 Happy Valley Road is completed, and the situation is a little tense sometimes, but it's still home.

The "boy's wing," as the Freemans have christened the completed section of the home, has five rooms — three bedrooms and two baths. One of the bedrooms is now serving as a kitchen, with a little plug-in range, and one of the bedrooms is a temporary living room.

**THE UNCOMPLETED WING** of the house will have the master bedroom, a den, kitchen and laundry — all by March 1.

The living room, presently in a raw state, features large floor-to-ceiling windows overlooking the patio, which is complete even to the 36-by-18-foot swimming pool.

**OF COURSE**, the Freemans have made things as easy as possible for themselves. While their son, Tim, holds down the fort, they have gone East for a month. They left last Friday for New York City, and then Chicago, where Mr. Freeman has business matters to attend to. They are expected to return about February 27.

The Freemans' former home at 3100 Andros Drive is undergoing remodeling before the occupancy of its new tenant, Edgar J. Kaiser, son of Henry J. Kaiser. He is at Willow Run, Mich., at present.

Sixty nine pupils of the fourth grade Community Church Sunday school class were awarded Bibles last Sunday, according to Fred Morrow, pastor.

Some of the Bibles were St. James editions, while others were the new revised edition, according to the preference of the children's parents.

"About 10 years ago," said Rev. Morrow, "we only gave out nine Bibles. This indicates the growth of our organization."

**St. Stephen's Plans Choral Communion** Choral Communion services will be conducted at St. Stephen's Episcopal Church in Orinda by the Rev. Charles M. Hill, Sunday evening at 8 o'clock at the Community Church building.

Written by George Oldroyd, the service is in contemporary harmonic form, and will be sung by the Vestal Choir under the direction of Mrs. T. J. Fahay.

# Bark or Bite by Bulldog Today?

The Alacanes Dons ended the first round of league play last Friday and, as far as the Varsity basketball team was concerned, it marked the end of a most disastrous period, with six straight losses being chalked up and not a single win to show for their efforts.

This afternoon they start the second and final round of play, with Alhambra's Bulldogs furnishing the opposition, and the Alacanes hard-wood the scene of action.

The Bees take to the floor at 3 o'clock, starting the afternoon's festivities.

IT WAS ALHAMBRA that dumped the Dons in their league opener in a double overtime thriller. On the basis of Alhambra's narrow 43-40 win over John Swett last week, the Dons could turn the trick.

Jim Champion has been out with a neck infection and may not be ready this afternoon. His height could be an asset on the boards and offset the work of Alhambra's Jack Jordan and Gary Newman, both of whom are well over the six-foot mark.

THE BIG QUESTION will be whether or not the Alacanes five can pull themselves together after six losses in a row.

The answer comes pretty much around the question of how much help Bob Gray will receive in the scoring column. Bob's work has been consistently good, and he has been most effective with his fade-away jump shot, which has brought him high-point honors more times than not.

IN THE BEE GAME, the Dons, in contrast to the Varsity, are currently in a three-way tie for first, sharing the top spot with Albany and Pittsburg.

Sparkplug of the Alacanes Babes is Red Jones, whose uncanny shooting and floor play have made the Bee club good.

One of their assets is a good,

## SPORTS

### Dons Edged by Panthers, 36-30; Babes Win, 48-17

Alacanes' Dons came close to pulling one of the major upsets of the season last Friday night at Alacanes gym.

They put on a stirring finish, only to fall by the wayside when Antioch pulled ahead on free throws in the closing minutes of the game and won, 36-30.

But the Don Bees won their contest, 48-17.

THE ANTIPOCH PANTHERS entered the varsity contest a heavy favorite but found the going a lot tougher than predicted when they failed to hit the hoop with any consistency.

Antioch's big gun, Center Jim Lutz, couldn't get himself untracked and ended up with only a field goal while garnering three points on charity tosses.

Teammate Billy Graham came through with seven field goals and a like number of free throws, to enable Antioch to emerge the winner.

THE GAME WAS loosely played with free throws the determining factor as Antioch hit 14 out of 28, with the Dons cashing on eight out of 19.

Antioch entered the fourth quarter with a scant 25-22 lead and used stalling tactics with five minutes to go.

As things turned out, the strategy paid off as the Antioch five hit on nine out of 11 free throws, which, coupled with a lone field goal, sewed the ball game up, as the Dons could garner but eight points, all on free throws.

Forward Bob Gray was the outstanding Don performer as he did a bangup defensive job while leading his team in the scoring column with five field goals and two free throws for 12 points.

IN THE BEE TILT, the Don Babes started slow and really didn't hit their stride until the second half, when they became hotter than an atom bomb and rang up their smashing win.

The Don Bees ran up a 19-13 half-time lead but things really happened in the final half as they hit for 13 in the third quarter and 16 points in the fourth frame, while Antioch folded, scoring two in each of the final periods.

RED JONES proved to be the dead-eye as he banged in a grand total of 20 points, coming through with nine field goals and two foul shots.

Tim Freeman, elongated center, was next for the Dons with eight points.

The starting five, consisting of Red Jones, Gaeton Panfil, Brad Johansen, Tim Freeman and Pete Hegerle, proved to be too much for the winless Panthers to contend with once they got into high gear.

Discuss New Span Assemblyman Donald D. Doyle of Walnut Creek met this week with the Contra Costa Council to discuss the proposed parallel Carquinez bridge and new road.

### Hoop Races Tight As Second Round Of Play Starts

It is interesting to note the various statistics in relation to basketball league standings as of last Friday, which marked the end of the first round of league play.

Mt. Diablo and Pittsburg rate tops in the scoring column, each having a grand total of 282 points, while Albany, tied with Antioch for first place, has posted 265.

Alhambra is low on the totem pole, with 218 points, but rests in a tie with Pittsburg for fourth, in league standing by virtue of a .500 average, with three wins and a like number of losses.

THE DONS, resting in the cellar with a 6-0 record, have the poorest defensive average, with 287 points scored on them. Antioch boasts the best defensive record, holding opponents to 216 points in the six games played to date.

Taking everything into consideration, the race is the closest in years, with not too great a spread in offense or defense separating the seven clubs.

THINGS ARE LIKELY to become quite complicated in the second half, as Mt. Diablo and Alhambra will not meet another, due to a league ruling resulting from the fight following their recent game.

It looks like Albany and Antioch down to the wire, with Albany holding a decided edge, due to the fact that they meet Antioch on their home court in their next go with one another.

Antioch eked out a one-point win last time, but Albany rates the favorite's role to cop the title, as they are defending champs and play the toughest, with the exception of three, on their home court in the second half of play.

IN THE BEE division, Alacanes, Pittsburg and Albany are all tied up with 5-1 records, and it looks to be anybody's race.

Pitt's Pirates are number 1 on offense, with 228 points, while Antioch, in last place, has but 132.

In the defensive column, it's Alacanes and Albany in a tie, as each has had but 156 points scored on them, while Pitt is one point behind with 157.

HERE AGAIN figures show the top three to be extremely close in potential.

Home court can mean the difference, but Alacanes goes to Pittsburg, and Albany comes to Alacanes in the next round of play — so it's take your choice on an even-steven bet.
